Book Industry Charitable Foundation - also known as Binc Foundation - is a 501(c)(3) nonprofit organization that coordinates programs to strengthen and support booksellers and their families. Since its inception in 1996, the organization has provided over \$5 million in charitable assistance. The Foundation's core program provides financial assistance to those who have demonstrated need arising from severe hardship and/or emergency circumstances. Late last year, the Foundation announced plans to expand its mission and serve others in the book industry beginning in 2012.

Meet Our Friends

We support businesses that are well run, but do a little more. The "little more" can be in many forms. Some contribute to the community, some promote environmental awareness. Some sponsor a favorite charity. In some way, try to add to the common good.
